SUBJECT: Trips for the Sauget Area Title Search (TDD #F5-8201-01)

On the morning of January 18th, Don Woods and I flew to St. Louis to start the Sauget area title search. The trip lasted three days. Most of the time was spent at the County Courthouse in Belleville, Illinois.

That Monday we spent two hours doing an offsite of the area involved in the title search. We then proceeded to the Courthouse in Belleville and started to look Grantees and Tax numbers for the area involved. January 19th and 20th was spent looking up the deeds for the various sites. We left January 20th at 4:10 pm to return to Chicago.

I scheduled a return trip to continue the title search on Wednesday evening January 27th. The trip was planned for two days.

January 28th and 29th was spent looking up deeds and any other information that would give me a hint on who owned the land in questions. Since I had no addresses, or dates for when properties were sold, I had to use various detective methods to get the necessary dates.

I returned to Chicago on January 29th on the delayed TWA flight 770. Title information for two dumping sites are still needed for completion of the project. Thus, the tentative schedule for a return trip is March 2nd for two or three days of work.
